

TRAVELLING TO RISE

Rise Transfers

If you have booked a Grenoble, Lyon or Geneva transfer through Rise, you will receive your separate tickets and info from our transfer partner with your meeting point and time slot. Look out for this and please keep a note.

Rise UK coaches

If you have booked a UK coach from Leeds, Birmingham, London or Dover to Rise, you will receive an email with your specific departure time and meeting point. If you do not receive this, please contact us asap.

By car

If you are driving to us, check the weather, pack your car with all the essentials and remember to fit your car with snow chains BEFORE heading up the mountain. If you are hiring a car, make sure you check the car has snow safety kit.

Car parking is available in several spots throughout the resort. We would suggest you keep your car snow-free and secure in the covered parking in the Place de Venosc at the top end of resort. It costs from around 35€ per week and can be booked on site.

Parking fines

Police Municipal are regularly seen patrolling the streets on the look-out for illegally parked vehicles. Parking in ski resorts can be very problematic especially during high season. Foreign plates do not give you diplomatic immunity from parking fines sadly! If you do leave your car in an inappropriate spot then you should expect to be ticketed, towed away or impounded. Parking fines vary from €11 to €135.

By Public Transport

There are public buses that run from Grenoble to resort. Buses bring you to Les 2 Alpes from Grenoble Gare Routiere (train/coach station), the most direct of which is the Transiere Transaltitude service. It's strongly advised that you book this online in advance. You should arrive at the bus at least 15 minutes before boarding with your tickets. Please be aware that if you are flying into Grenoble airport you will have to get a bus from the airport to the Gare Routiere to pick up this bus.
